

## Steadily moving ahead

**Delhi (India), August 10, 2019:** PG Electroplast Ltd. Pioneer and leader in the Plastic molding and Electronic Manufacturing services announced its results for the quarter ended June 30<sup>th</sup> 2019, as approved by its Board of Directors.

*“Company’s new initiatives continue to ramp up well and IDU assembly for Room AC saw significant progress during the quarter. Management strategy of growing ODM business model is panning out well with encouraging response for both the models of washing machines. Progress on key focus areas for the company is as per plans and business model is gaining strength and revenues stream is getting diversified.” Said Shri Vishal Gupta, Director of the company*

Key Financial Highlights:

### Quarter ended June 30, 2019

- Net Revenues of Rs 1731 million – growth of 48.1% YoY
- EBITDA of Rs 112.6 million – growth of 39.1 % YoY, EBITDA margin impacted due to scale up costs in new initiatives and fire disruption in the washing machine plant during the quarter.
- PAT of Rs. 41.7 million – growth of 51.4% YoY

### Other Highlights

- Company’s foray into IDU segment in the Room AC market has started well and 1QFY20 saw good progress on the same
- Both the models of semi-automatic washing machines are doing well for the company and market response continues to remain strong.
- A fire broke out on 15th June 2019 in Washing Machine Division of the Company resulting in loss and damages of inventory and property, plant & equipment. This has resulted in disruption to the operations and impacted sales and profitability during the quarter.

## **Future Outlook**

Management sees increased opportunities in the existing and new clients and based on the current business environment. With new capacities and capabilities across business segments, company is uniquely positioned in the consumer durable & automotive plastics space in India. In coming quarters, company aspires

- To have Industry leading growth in the Revenues
- Gradual improvement in margins due to operational efficiencies and operating leverage
- Better capital efficiency due to improving cash flows and balance sheet optimisation
