

PG Electroplast Limited Begins LED TV Manufacturing

Spread across 100,000 square feet, the production capacity of the facility is half a million units annually.

The company has begun servicing 2 customers in the new product business.

December 29, 2021: PG Electroplast Limited (PGEL) has begun manufacturing LED Televisions for two customers at its Greater Noida facility. It has an installed capacity of 500,000 units of televisions with screen sizes up to 70 inches. It is a fully integrated facility with SMT lines for PCB Assembly, Clean Room for LCM Module Assembly, Final Product Assembly and Plastic Moulding.

Commenting on the occasion, **Mr. Vikas Gupta, Managing Director (Operations)- PGEL** said, "Televisions have been a large part of PG's history and legacy, and it gives us great pleasure to announce that PG has re-entered the business of manufacturing TVs. The government's vision for an Atmanirbhar Bharat and support to the industry has been immense. We identified a lot of synergies for TV manufacturing with our existing businesses, and see this vertical as a good opportunity to scale up our electronics business."

About PG Electroplast Limited
